OBJECTIVE

As a highly motivated and aspiring web developer, my objective is to pursue a career as a full stack developer, where I can leverage my technical skills and creativity to build robust, scalable, and user-friendly web applications.

EXPERIENCE

Reknot Solutions Pvt Ltd

Pursuing -

Web Development Intern

As a Web Development Intern at Reknot Solutions Pvt Ltd, I gained valuable hands-on experience in the field of web development and contributed to various projects. Collaborating with a team of experienced developers, I had the opportunity to learn and apply cutting-edge technologies and industry best practices.

Code clause

Feb-2023 -

Python development Intern

Mar-2023

During my one-month internship as a Python Development Intern, I had the opportunity to work on several exciting projects that enhanced my programming skills and allowed me to contribute to the development of useful applications.

Code clause

April - 2023 -

Web development Intern

May - 2023

During my web development internship, I had the opportunity to work on various projects that allowed me to showcase my skills and expand my knowledge in the field. One of the significant accomplishments during this internship was the creation of a portfolio website, which served as a platform to showcase my previous work, skills, and achievements.

EDUCATION

Karmveer bhaurao Patil Vidyalaya Askheda

2019 - 2020

SSC

90.40 %

Government polytechnic Mumbai

2021 - 2023

Diploma in Information technology

87 %

SKILLS

Programming skills: Python, Javascript(Basics), C, PHP

Web Development : HTML, CSS, Bootstrap

Database Management : MySQL

Web Frameworks : Angular

PROJECTS

Portfolio Website

As part of my web development journey, I undertook the exciting challenge of creating my own portfolio website. My portfolio website developed in Angular serves as a comprehensive representation of my skills, projects, and experiences in an engaging and visually appealing manner. By creating this project, I not only demonstrated my technical abilities but also showcased my commitment to professional presentation and effective communication.

Photo Studio

By successfully completing this Angular photo studio website project, I not only strengthened my skills in front-end development but also gained valuable experience in leveraging the Angular framework for building robust and feature-rich web applications. Throughout the development process, I ensured the project adhered to industry best practices, including code modularity, maintainability, and scalability.

Student Attendance System

I successfully designed and developed a comprehensive Student Attendance System website using PHP. This project aimed to streamline and automate the process of recording and managing student attendance for educational institutions. Utilizing my skills in PHP, HTML, CSS, and MySQL, I created a robust and user-friendly web application that facilitated efficient attendance tracking and reporting.

Ecommerce Website

The website I developed offers a seamless and intuitive user experience, providing customers with an attractive interface to explore and purchase a wide range of clothing items. The design incorporates modern and responsive layouts, ensuring compatibility across various devices and screen sizes.

Online shopping Website

I undertook a challenging project to design and develop an online shopping website specializing in computer parts. This project provided me with an invaluable opportunity to apply my skills and knowledge in creating a functional and user-friendly e-commerce platform.

Keep Notes Application (Java)

During my mobile application development course, I had the opportunity to create a comprehensive and functional Keep Notes application using Java. This project showcased my skills in mobile application development and allowed me to apply my knowledge of Java programming and Android development

Torch Application (Java)

By completing this torch application project, I demonstrated my ability to develop functional mobile applications, understand user needs, and implement intuitive design principles. This experience solidified my passion for mobile app development
